

Privacy Policy

Last updated: March 5, 2026

Swipe Clean ("we", "our", or "the App") is a photo cleanup application. This Privacy Policy describes how the App handles information when you use it.

1. Information We Collect

We do not collect, store, or transmit any personal data.

Swipe Clean operates entirely on your device. All processing — browsing your photo library, marking photos for deletion, and managing the Trash — happens locally on your phone or tablet. No data is ever sent to our servers or any third party.

2. Photo Library Access

The App requests access to your photo library solely to display your photos within the App so you can review and delete them. Specifically:

- Photos and videos are read from your device's local storage.
- When you delete a photo, it is moved to the system Trash (iOS) or permanently deleted (Android) — this action occurs entirely on your device.
- No photos or videos are ever uploaded, copied, or transmitted anywhere.

3. No Account, No Cloud

Swipe Clean does not require you to create an account, sign in, or provide any personal information such as your name, email address, or phone number. There is no cloud storage, no syncing, and no remote servers involved.

4. Notifications

The App may request permission to send local push notifications (daily reminders to review your photos). These notifications are scheduled and delivered entirely on your device. No notification content or delivery data is sent to external servers.

5. Analytics and Tracking

We do not use any analytics SDKs, advertising identifiers, or user-tracking tools. We do not collect crash reports automatically. The App contains no advertising.

6. Third-Party Services

Swipe Clean does not integrate any third-party SDKs that collect personal data. The App uses only

standard platform APIs provided by Google (Android) and Apple (iOS).

7. Children's Privacy

Swipe Clean does not knowingly collect personal information from children under the age of 13 (or the applicable minimum age in your country). Since the App collects no data at all, it is safe for users of all ages.

8. Changes to This Policy

We may update this Privacy Policy from time to time. If we make material changes, we will update the "Last updated" date at the top of this page. Continued use of the App after any changes constitutes your acceptance of the updated policy.

9. Contact Us

If you have any questions about this Privacy Policy, please contact us at: beyoung.belcrew@gmail.com
